## **Fines to Be Imposed for Damage Caused to Green Zones of Yerevan**

YEREVAN (Noyan Tapan)—From now on the Yerevan Mayor's Office or the communal administrations will turn to judicial instances on each case of illegal tree felling or damage caused to the green zones of the capital with a demand for compensation.

Grigor Melkumian, senior adviser of the Yerevan Mayor's Office, said during the August 16 press conference that the Licensing Expert Commission will evaluate the level of damage. Between five and six similar cases are presently being examined.
